A workshop on Project work was organized by the Department of Management Studies of Santhigiri College, on 17th July, 2019 for the benefit of the third year Commerce and Management students. The workshop was on association with the Internal Quality Assurance Cell (IQAC). The said workshop was conducted in the Seminar Hall. A brief report regarding the deliberations of the workshop is as follows:

Inaugural Session (11 am to 11.30 am): The inaugural session was chaired by Principal Dr. Fr.Boby Antony, CMI, Santhigiri College. The opening remarks were made by Class Tutor Mr.James Mathew. He elaborated on the very rationale behind the workshop.

Session: Workshop on Project, focussed on the new methods. She gave detailed procedural views on the Project Work. The method was explained in depth with details of how to make a detailed project work. The intent and rationale behind best practices was dealt satisfying many owes of the participants. Overall the workshop paved way towards a very positive quality inculcation culture amongst the participants.

Ratio Measurement

- Ratio:** a measurement scale that has equal units of measurement and a rational zero point for the scale (absolute zero)
 - Hint: An absolute zero indicates a complete absence of the attribute being measured.
- Examples: income in dollars, length, area or volume, height, weight
- Permissible arithmetic operations: including ratios

Next slide

For the purpose of psychology and statistics, interval/ratio are both considered the same (although they really are not) Used interchangeably in statistical programs, such as SPSS
